OutdoorCam™ Security Camera

with Day/Night Vision

All-weather color day & night camera with sun shield

The Swann OutdoorCam™ Security Camera is a versatile security solution that suits both indoor and outdoor applications. Featuring a robust, weather resistant metal casing, the camera is ideal for areas subject to dust, rain or other wet environments. Providing clear color images during the day, the camera automatically switches to black & white mode at night, while the infra-red LEDs project invisible light up to 26ft (8m)! Now, you can monitor your premises at night or keep an eye on areas such as stairwells, secluded corners or alleyways that usually have little light!
